**RE: APPLICATION OF MICHAEL R.  
MULVEY PURSUANT TO THE  
MINERAL INTEREST POOLING  
ACT TO POOL INTO THE  
PECOS DEVELOPMENT  
CORPORATION'S BLOCK 71  
UNIT, WELL NO. 2, CLAYTON  
(WILCOX 7360) FIELD, LIVE  
OAK COUNTY, TEXAS**

**PROPOSED FINAL ORDER**

The Commission finds that after statutory notice in the above referenced docket heard on November 1, 1991, the examiners have made and filed a Proposal for Decision containing Findings and Fact and Conclusions of Law. The examiners recommend that the Railroad Commission of Texas grant, pursuant to the Mineral Interest Pooling Act, an Order creating a pooled unit for the Clayton (Wilcox 7360) Field for the Pecos Development Corporation Block 71-2 Unit, Well No. 2. The Unit shall consist of 176 acres including all of tracts 3364, 3365, 3366, the eastern most 30 acres of Block 3367, the eastern most 13 acres in Block 3369 and the eastern most 13 acres in Block 3370.

The unit is subject to the following terms and conditions:

1. The Unit shall be called the Pecos Development Corporation Block 71-2 Gas Unit and Bayrock Operating Company is appointed the Operator of the Unit.
2. The well on the unit established by the Commission is identified as the Block 71 Unit, Well No. 2 and is located 1500 feet from the southeast line and 1850 feet from the southwest line of the S. A. Amanson Survey, Abstract No. 867, Live Oak County, Texas.
3. The production from the unit shall be allocated to working interest owners on the basis of surface acreage of the tracts contained in the unit. Michael R. Mulvey will pay to Bayrock Operating his pro rata working interest share of the

cost of drilling, completing and operating the well, plus a penalty of one-hundred percent of that amount. Such cost shall be taken from production proceeds from the well beginning on the date that this order becomes final.

Done this 6th day of April, 1992.
